Green Badger

LEED & ESG PRICING GUIDE

LEED & Construction ESG Software

Are you looking to save valuable time and money while navigating the complex world of ESG and LEED documentation for your construction projects? Green Badger's comprehensive software, paired with project-specific training, sustainability insights, and continuous team support, is the answer you've been searching for.
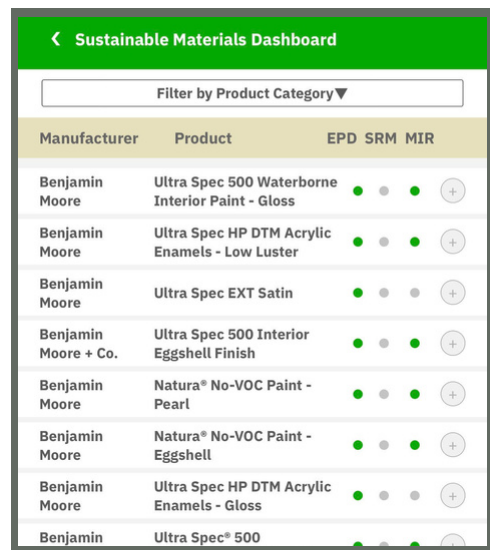

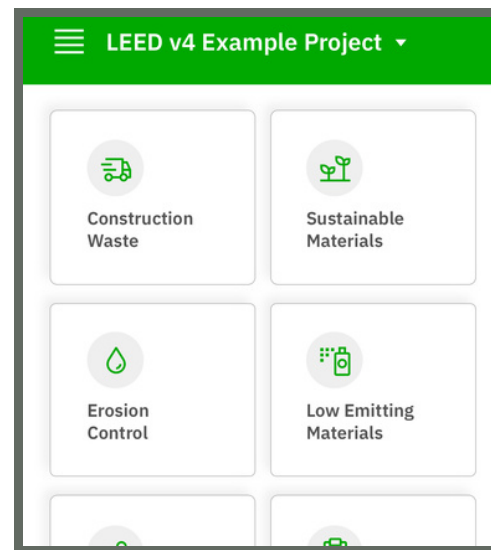

We integrate with PROCORE !

# Green Badger slashes your time and effort spent on LEED documentation

Instant Product Documentation

Scan barcodes while walking the jobsite to get instant product verification from our database.

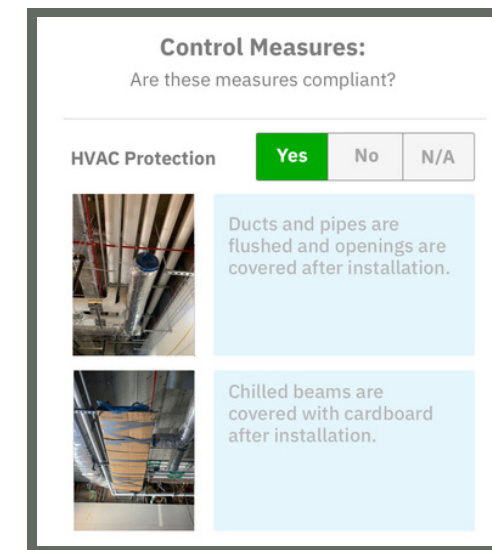

LEED Project Dashboard

View and manage all of your project details and progress in one, easy to use dashboard.

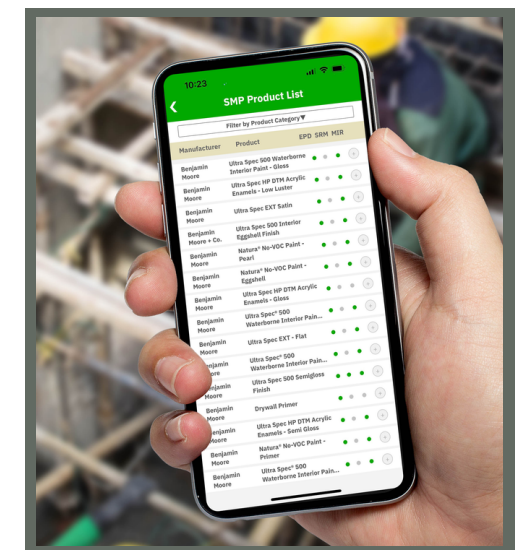

Export for LEED Online

At the end of your project, easily export and package all of your documentation for upload to LEED online.

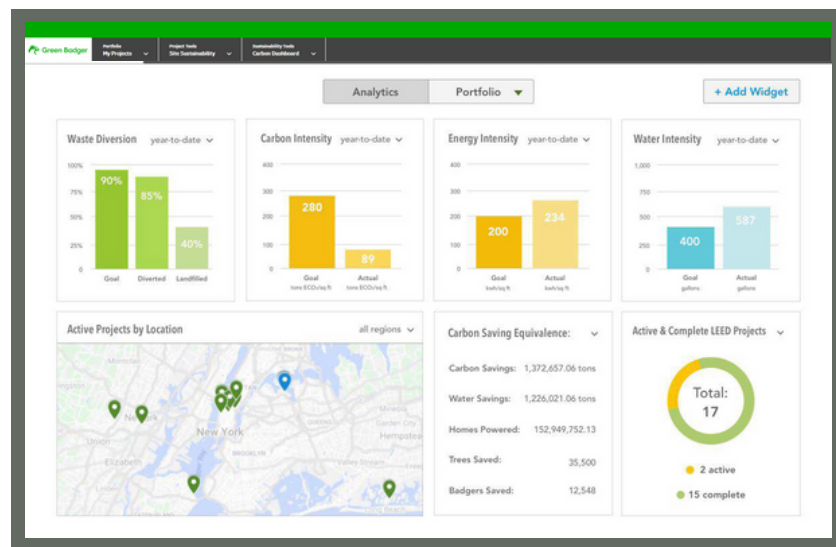

ESC & IAQ Inspections

Complete site inspections for erosion control and indoor air quality as you walk the jobsite.

On-site Mobile App Accessibility

You have the ability to manage your project from anywhere and collaborate with your team in real-time.
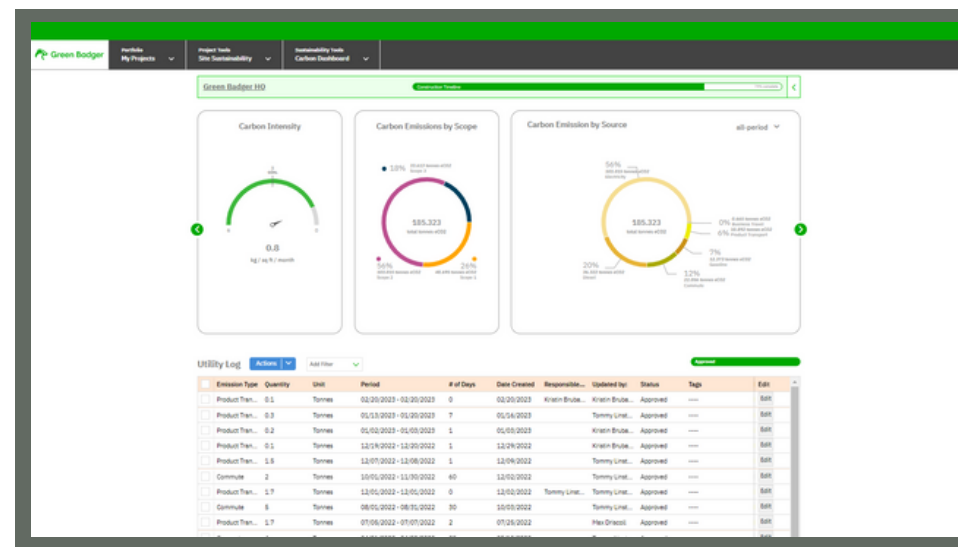

Sustainability metrics for construction ESG and operations.

Corporate sustainability dashboard

Corporate project performance 24/7.

- Benchmark project sustainability metrics
- Incorporate custom corporate goals
- View any project status in real-time
- Export data for annual CSR reporting
- Demonstrate sustainability commitment to customers

Benchmark

Benchmark a project's sustainability performance against benchmarks.

- Demonstrate compliance with the Contractor's Commitment
- Benchmark projects against corporate goals
- Monitor GHG reductions
- Exports customized PDF reports

Track

Construction waste management has never been this easy.

- Enter and track waste tickets
- Access real-time data of your material streams and diversion percentages
- Export waste reports to share with clients

Green Badger

CUSTOMER TESTIMONIAL

★★★★★

"Green Badger has been an incredible asset to our ability to discuss options with the design team and help us deliver a successful LEED accredited project. The way the software helps you search, store and mange the required documents really streamlines the process from the Contractors side. Green Badger's service is great and they care about you and your specific project needs. I wouldn't tackle another LEED project without Green Badger.

LEED Resources

Green Badger Academy

The most comprehensive educational resource for general contractors, filled with practical guidance on how to achieve LEED construction credits. This breaks down everything you as a general contractor need to know to successfully manage LEED construction credit documentation.

The Ultimate Guide to LEED 4 and 4.1 Construction for General Contractors

A framework of the product categories with the broadest number of manufacturers and product lines with EPDs, HPDs, Cradle to Cradle certifications, Declare labels to earn LEED materials credit for EPD Option 1 & MIR Option 1.

Dedicated Project Training and Support

We offer comprehensive training to guide you through your project setup. Our expert team will ensure that you have a deep understanding of the software. Once your project is up and running, you'll have a dedicated point of contact available to answer any questions that you have during your LEED project.
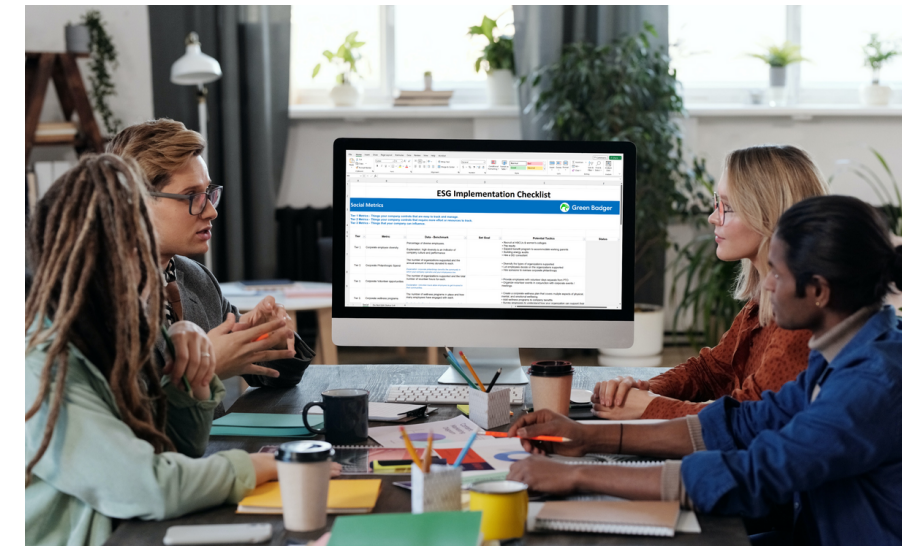

ESG Resources

WEBINAR: The GC's Guide to ESG Implementation

Whether your company is a team of 5 or 5,000, this webinar provides valuable insights and practical tips to successfully implement ESG within your organization, gain a competitive edge, attract and retain employees, and unlock the immense benefits that come with embracing ESG.

EBOOK: The GC's Roadmap to ESG Implementation

We have created Green Badger's groundbreaking ESG Implementation Roadmap for General Contractors. This roadmap will equip General Contractors with the essential tools and strategies needed to become a market leader through ESG.

TEMPLATE: ESG Metrics Worksheet

Benchmarking is a critical part of implementing ESG in your organization, because you need to know where you are before you can determine where you need to go. We've all heard the phrase, "you can't manage what you don't measure" and that is absolutely the case when it comes to ESG.

Project Resources

Besides our great educational content, we've put together resources to help your project team succeed while using Green Badger.

- LEED Submittal Cover Sheet

- IAQ Plans

- Ebooks

- Waste Management Plan

- Cheat Sheets

Green Badger

PRICING GUIDE

Don't let LEED and ESG documentation slow you down. With Green Badger, you'll save time, reduce paperwork, and achieve your LEED goals with confidence. Choose a smarter way to manage your construction projects.
