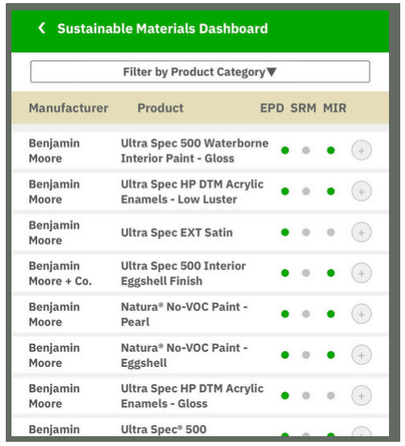
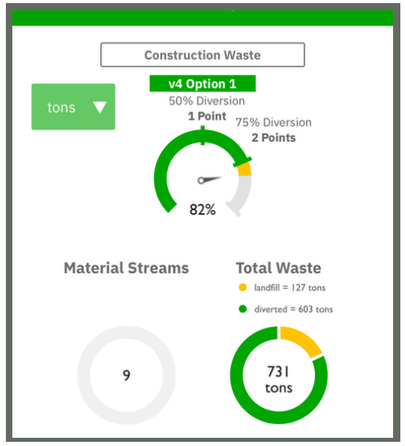
Green Badger PRICING GUIDE

Green Badger slashes your time and effort spent on LEED documentation



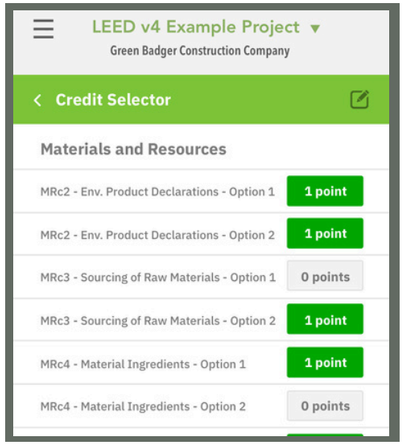
Instant Product Documentation

Scan barcodes while walking the jobsite to get instant product verification from our database.



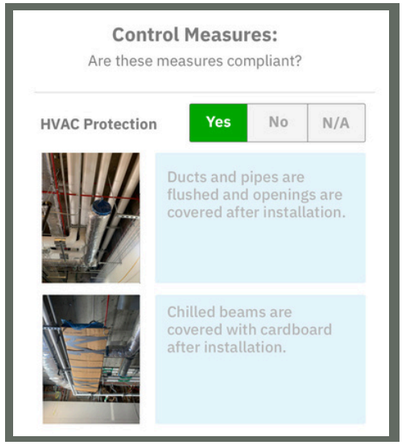
LEED Project Dashboard

View and manage all of your project details and progress in one, easy to use dashboard.



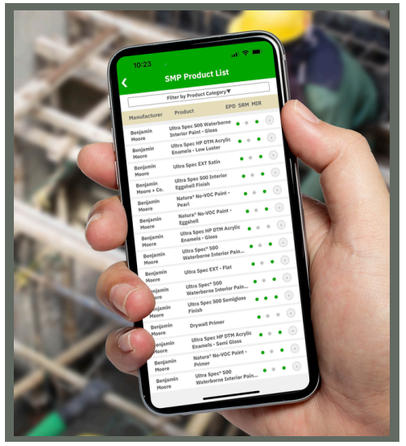
Export for LEED Online

At the end of your project, easily export and package all of your documentation for upload to LEED online.



ESC & IAQ Inspections

Complete site inspections for erosion control and indoor air quality as you walk the jobsite.



On-site Mobile App Accessibility

You have the ability to manage your project from anywhere and collaborate with your team in real-time.

Green Badger

CUSTOMER TESTIMONIAL

★★★★★

Green Badger has been an incredible asset to our ability to discuss options with the design team and help us deliver a successful LEED accredited project. The way the software helps you search, store and mange the required documents really streamlines the process from the Contractors side. Green Badger's service is great and they care about you and your specific project needs. I wouldn't tackle another LEED project without Green Badger.
